THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Friday Morning, June 12.

The Rush of Emigration.

It is already apparent, thus early in the season, that our State is to receive an unprecedentedly large accession to its population, during the current year. Within the past few days the Lake Shore Railroad trains, by day, and the boats from Chicago, by night, have brought large numbers of emigrants from the Old World, seeking new homes and better fortunes in Wisconsin.—At least a thousand Norwegians arrived here on Tuesday and Wednesday, destined for different points in the interior, and they clustered thickly around the several Railroad Depots in town during both days. Rather the larger proportion went out on the La Crosse & Milwaukee Railroad, and a good many on the Milwaukee & Mississippi and Milwaukee & Watertown roads. From one of our Norwegian citizens, who conversed with these emigrants, we learn they report at least *twenty thousand* of their countrymen as coming to this country this year. Those who have already arrived are hearty, intelligent and well-clad, and bring with them large sums of gold.—They are plentifully provided with children, averaging five or six, we should judge, to every family. They will make industrious, frugal and law-abiding citizens.

Besides the Norwegians, large numbers of Germans and Belgians are emigrating to Wisconsin this year. The Belgians, mostly settle in the vicinity of Green Bay, while the Germans scatter all over the State. If to these three sources of population, we add the New England and Middle States hives—which will send out hosts of busy bees to the West this year—it will seem a very reasonable estimate to set down the increase in the population of Wisconsin, from emigrants alone, for the present year, at *one hundred thousand.* The natural increase is also large, for Wisconsin is a prolific State. The large majority of the new-comers will speedily become producers, and we need them badly; since demand yet outruns supply, and prices for provisions, breadstuffs, grain, vegetables and dairy produce continue very high. But for the present, these new months must all be fed, and this suggests the inquiry whether the increased breadth of land sown to different crops in our State, this year, is in proportion to this expected increase of population. And if not, as we suspect not, our farmers would do well to "*plant one acre more,*" all round, that another long winter and backward spring may not again find Wisconsin, the garden and granary of the North West, complaining of "short commons."

Mil. & Miss. Railroad Earnings.—The earnings of the Mil. & Miss. R. R. continue to increase handsomely. The figures for May this year and last were as follows:

May, 1857,	$80,703
" 1856,	61,367
Increase,	19,336

The earnings for the first seven working days of June reach over $27,000, which is a large increase over the same days of May, and indicates a heavy aggregate for this month.

The K. N. and Democratic Alliance.

The *News* is severely exercised by our exposure of its hypocrisy in censuring Republicans for "oppressing" foreigners, while passing over in silence the wrongs perpetrated by its own friends. It makes an elaborate reply to our brief paragraph, and very happily describes, in the heading, its own condition, as "blind of one eye and can't see with the other." It complains, in sportsman's phrase, that the *Sentinel* "scatters;" and from the number of spots in which the *News* seems to be "hit," we think the complaint not wholly unfounded. It alleges that the *Sentinel* "fancies every body drunk or dumbheads" who don't agree with its sentiments; but inasmuch as the *Sentinel* never entertained any such "fancy," it must be that the *News* suspects itself of being in one, or the other category; and it is not for us to gainsay it. It again undertakes to misrepresent Gov. Haile's recommendation, that reading and writing be required as a qualification for electors, by saying that "it is aimed specifically at adopted citizens and foreigners." This is not so; the clause applies equally to native and foreign born.

It charges the *Sentinel* with "apologizing for the united attempt" of the Republicans and Know Nothings in New Hampshire "to disfranchise all foreign-born citizens, and to make aliens for life of such foreigners in that State as cannot read and write the English language." The *Sentinel* never heard of any such "attempt," nor the *News* either—save of its own creation—and were such an attempt made, we should be the last to apologize for, or excuse it.

So much for the *News'* side of the story—i. e. the "blind side." Having got through with that, it next tries the other, i. e. the side it "can't see," to-wit, the outrages committed by the K. N. and Democratic allies upon the rights and interests of adopted citizens. It never heard of the proscriptive laws in South Carolina, and maintains a prudent silence about those in Kansas; and it concludes with another of its cheap professions, thus:

> Here, then, is the difference between the *Sentinel* and the *News*: the former approves the recommendations and laws of its party in the Eastern States, calculated to disfranchise and disgrace Adopted Citizens, and Foreigners, and justifies the outrage by citing the error of a slaveholding State; whilst the *News* condemns the law of South Carolina in question—if, indeed, there be such a law—and protests against, and pledges itself to wage an unintermitting war upon, the enactments and the party which seek the degradation of this class of our population. And the difference between these two papers is precisely the difference between National Democracy and Black Republicanism.

It is false, in the first place, that the *Sentinel* "approves" recommendations and laws, in the Eastern States, or elsewhere, "calculated to disfranchise and disgrace adopted citizens." We have invariably opposed and disapproved all such legislation. And as to the value, in the second place, of the *News'* wordy "protest and pledge," it is enough to point to the "Border Ruffian" Legislature in Kansas, which has *disfranchised* thousands of Foreigners, who were permitted to vote under the organic law of the Territory, and to the conclusive fact that the "National Democracy" everywhere, the *News* inclusive, instead of opposing these "enactments," sustain and defend them. Such is "the difference" between the precepts and practice of the "National Democracy," and such an illustration of the hypocritical demagogueism of the *News.*

The Minnesota Election—The Democracy Triumphant.

> By St. Paul papers of June 2d, we are assured that Minnesota, at the election on the 1st inst., for delegates to the Constitutional Convention was carried overwhelmingly by the Democracy. In some of the counties, not a "Republican" member was elected. St. Paul gave immense Democratic majorities. Minnesota, All Hail! Cheers for the Democratic Star of the North-West!!—*Mil. News.*

We find this premature "crow" of the *News* reproduced in the Washington Co. *Democrat.* According to the latest advices, the "all hail" of the *News* was given too quick, and the "cheers" are due to the *Republican* "State of the North West". The "rural districts" seem to have kept Minnesota "right side up."

Steamers for Green Bay.—We learn from Mr. Robinson, editor of the Green Bay *Advocate*, that the business men of that city have *purchased* the steamers *Queen City* and *Louisiana*, thus securing a line of boats for their increasing trade, not subject to be hauled off by their owners to go to other routes. Mr. Robinson also states that there is still a determination on the part of the Green Bay people to secure a line of propellers for their port.

The "Official" Test of Democracy.

The *News*, still laboring to convict the Missouri *Democrat* of treason to the so-called Democratic party, triumphantly asks us the following questions:

> But it is sufficient to our present purpose to enquire—Does the Democrat support the Democratic organization in Missouri? Is it confided in by the Democracy there? Are its aims, in any sense, in harmony with those of the National Democratic party in the Union? No—O, no!

Very well. The *News* ought to know what are "the aims" of the "National Democratic party in the Union," and it declares that they are not, "in any sense," in harmony with those of the Missouri *Democrat.* Now the Missouri *Democrat* is an able, independent, outspoken democratic paper; a strong antagonist of the "Border Ruffians" and slavery propagandists, and a zealous and eloquent champion of Free Soil and Free Labor, in Missouri, as in Kansas. These are "the aims" which the *News* officially declares are not in harmony with those of "the National Democratic Party." Very likely not. This party, which assumes the name, while outraging every principle of Democracy, sustains Border Ruffianism, encourages Slavery propagandism, and is opposed to making either Kansas, or Missouri, a Free State. And their organs, especially such as wear the Federal livery, denounce as "traitors" and "heretics" all democrats who repudiate this new and narrow test of political orthodoxy.

Minnesota Election.

By favor of Mr. Storms, clerk of the steamer *Ocean Wave*, we received yesterday noon, *via* the Milwaukee & Mississippi Railroad, St. Paul papers of Tuesday morning. They bring us the following in relation to the election in Minnesota:

From the Pioneer.

Minnesota is Republican.

We *knew* Minnesota was right—but we feared that the Republicans were not working. We accused her wrongfully. By the returns received, we think we are safe in saying that fifty-four straight Republicans have been elected to the Convention, *giving us a majority of six!* Later returns may affect this result somewhat, but they cannot reverse it. Minnesota is redeemed from the Border Ruffians!

P. S.—It was rumored last night that Goodhue, Dodge and Freeborn counties had gone Loco Foco. If this is true it will weaken but not defeat us. We certainly *hope* it is false—and our faith is about as strong as our hope; to-morrow will probably tell the story.

From the Minnesotian.

The Convention.

That there will be a Republican majority in the Convention the meagre news which is received from the back districts begins to clearly show. In our table yesterday we made 52 Republicans, 35 Democrats, with 15 to hear from in the 5th and 10th districts. Subsequent intelligence makes it probable that the Democrats have managed to elect one (Ladue, of Mantorville,) in the 4th district, which would make 51 Republicans to 36 Democrats. We have not yet received any certain news from the 5th and 10th but reports which the people bring from the up-country renders it not improbable that the Republicans have elected their whole ticket in the 5th, (Benton District.)

At any rate we claim with confidence the election of four out of eight. In the 10th, or Nicollet district, we have probably elected four, possibly two. We now feel confident that we have at least elected fifty-six, probably sixty of the delegates, either of which numbers will make us a good working majority.

P. S.—Since the above was in type we have heard a rumor that Freeborn county in the 4th district, has given 145 Democratic majority, which it is said, would elect the whole Democratic ticket. We doubt it.

The *Ocean Wave* made a very quick trip down from St. Paul, Mr. Storms sends us the following memorandum of the trip:

Steamer Ocean Wave }
Off Lafayette, June 10, '57. }

Left St. Paul June 9th at half past five P. M.; left in port the following boats viz: Northern Light, Frank Steel, Orb, Medora, Antelope, Fred Loring, Jennet, Walrus and Wm. S. Nelson.

Made the following landings: Nininger, Hastings, Point Douglass, Prescott, Diamond Bluff, Red Wing, Lake City, Reed's Landing, Winona, Trempeleau, Fountain City, Dacotah, La Crosse, De Soto, Lansing, Lafayette, and Lynxville.

Met and passed the following boats; met Eolean below Prescott, also the Mansfield and Key City at Reed's Landing, Itasca at Alma, Audilon and Kate French below Alma, Northern Belle below Trempeleau, Henry Graffe below La Crosse, Cremonia below Victory, and passed the Chippewa above De Soto, and met the War Eagle and the Milwaukee below Lafayette. Arrived at Prairie du Chien at 10 minutes past 12 M.—Nineteen hours including all landings.

Yours Truly,
C. T. Storms.

A Conspiracy Defeated.—The personal and political enemies of John Wentworth, the efficient Mayor of Chicago, and long-time editor of the Chicago *Democrat*, had him arrested, on Tuesday last, upon a trumped-up charge of *stealing* some U. S. mail bags, which had been sent to his address, as a member of Congress, some years since, filled with public documents. Judge Drummond, of the U. S. Court, after a brief hearing, very promptly and unceremoniously kicked the case out of Court. Meantime, however, the conspirators had extensively telegraphed the fact, that the Mayor of Chicago had been arrested for Post Office depredations! This is a little the *smallest* business that we ever heard of. The Chicago *Democrat* charges the conspiracy upon the Know Nothings, headed by Judge Morris, and the Border Ruffians, headed by Senator Douglas—natural allies.

An Unfortunate Illustration.—The *American* of yesterday, in the course of an article on the subject of Railway Frauds, and their punishment in England, cites the instance of George Hudson, formerly known as the "Railway King," of whom it says:

> The same man who was so worshipped, now skulks down a back street to avoid the sheriff's officers and constables, myrmidons of the law, who have taken all he is worth in attachment for claims substantiated in court by his victims.
>
> * * * * * * *
>
> This is the first instance recorded of mal-administration of Railroad matters. Punishment overtook the offender, and he who was courted by the aristocracy of England, the wealth, the professions, and the commercial classes, became in the eye of the English world, nought but a scoundrel and a villain. For a time a fugitive in a foreign land to avoid civil arrests, he is now marked at as a man devoid of moral principle, *or even sagacity.*

This Mr. Hudson has just had the "sagacity" to get elected to Parliament, and now, instead of "skulking down a back street" to avoid the myrmidons of the law, meets them fearlessly, as he is privileged from arrest. The "English world" must be very forgetful, or very forgiving, thus to honor "a scoundrel and a villain."

Deaf as well as Blind.—The *News* copies an exposure of one J. W. White, who has been fleecing southern men, in the name of "bleeding Kansas," and adds this comment:

> J. W. White is the first robber in the name of Kansas that we have heard of down South; it is presumable, however, that there have been more than one; but at the North these scamps have been, in the last eighteen months, no rarity.

Of course, the *News* can't hear of any Kansas "robbers," down South, any more than it can see any wrong in "Border Ruffian" legislation. It would be quite out of character for an organ of the "National Democracy" to see, or hear anything so distasteful to "the powers that be."

The Crops.—The last ten or twelve days has brought forward the crops with magic celerity.—From all quarters of our State we hear the best reports. If the season continues, as it has commenced, Wisconsin, this year, will produce the heaviest crops of grain, fruit and vegetables that have ever yet been gathered here.

Decimal Currency in Canada.—The act of the Canadian Parliament requiring all Government accounts, from the first of January next to be in dollars and cents, the banking institutions of the Province have resolved that the same system shall be adopted in their establishments, and recommend it for all mercantile purposes throughout the country.

A Friendly Hint.—The Madison *Patriot* administers the following sedative to its yoke-fellow, the Milwaukee *News*, which has been greatly excited, of late, about "Black Republican" disrespect towards "constituted authorities" and disbelief in the infallibility of "Judicial decisions:"

> We think, for modesty's sake, the Milwaukee *News* ought to keep its mouth shut about any one "running a tilt against the highest judicial authority in the land," since it and its cohorts ran such a "tilt" against the "highest judicial authority" in our State. No Court was ever abused with such venom as the *News* and other Barstow organs hurled at our Supreme Court.

Gen. Cass—On Dit.—There is a story in Washington, that in consequence of the declining state of his health, Gen. Cass will soon withdraw from the head of the State Department, and that Gov. Walker will be recalled from Kansas to fill the place of the great Michigander.—*Chicago Dem. Press.*

Humbug! Gen. Cass will never voluntarily "withdraw" from office, let his health "decline," or not! If he leaves the Secretaryship of State, before his term expires, it will be because the Administration *insists* on his retirement.

☞ The National Era publishes an extract of a letter saying that Northern Texas has but a few slaves, and that the mass of the inhabitants will favor a free State Constitution whenever a division occurs. The authority for this is a Kentuckian residing in the section referred to.—*Mil. Sentinel.*

Then the election of Buchanan is'nt a going to extend and perpetuate slavery quite as much as you supposed it would eh? Mr. Sentinel!—Seriously now, don't you think that "Freedom" is going to have a pretty jolly time of it, after all?—*Oshkosh Courier.*

"Seriously," we have an abiding faith that Freedom will win and Slavery lose, in the long run, notwithstanding the efforts of the "Sham Democracy" to "nationalize" the "peculiar institution," and discourage Free Labor.

A Difference.—A correspondent of the Albany Evening *Journal* puts the following pertinent question, elicited by the interference of the U. S. Government authorities to quell the recent Know-Nothing riot at Washington:

> If the President had the right to protect the voters of Washington City against the "Plug Uglies" of Baltimore, why had not President Pierce the right to protect the voters of Kansas against the Border Ruffians of Missouri? And if the laws by an invasion of Missourians—armed—taking possession of every poll but one in Kansas, are now to be enforced by this Administration, what propriety is there in the same Administration preventing the bullies of Baltimore taking possession of and deciding the election at the polls in Washington City?
>
> Is one rule to be applied in the Territory of Kansas, and a different one in the District of Columbia?
>
> Is the only reason of the difference to be found in the fact, that the electors of Washington who were sought to be kept away from the polls by the "Plug-Uglies" were Democrats, while those whose rights were invaded in Kansas were only Free State men?
>
> REPUBLICAN.

The Telegraph Cable—The Niagara.—It is now understood that the steam frigate *Niagara* will not be used, as was intended, for laying the ocean cable. Different reasons are given by correspondents—one being that she is so large that that she cannot get within a mile of the factory where the cable is made—and another that material alterations would have to be made in the steamer, to which her commander does not feel authorised to consent. So it is probable that she will only act as the escort to the vessels employed in the service.

For the Daily Sentinel.

Literary Notice.—Benj. F. Taylor, of Chicago, will lecture before the Literary Societies of Lawrence University, at the coming commencement, on Tuesday evening, June 30th.

A general attendance is solicited.

T. D. WEEKS, Cor. Sec'y, Phœnix.
WM. P. STOWE, " " Philolathian.

The North and South.—The most eloquent of all Southerners, as I think, Mr. Prentiss, of Miss., was addressing a crowd of some 4,000 people in that State, defending the tariff, and, in the course of an eloquent period which rose gradually to some beautiful climax, he painted the thrift, the energy, the comfort, the wealth, the civilization of the North, in glowing colors, when there rose up on the vision of the assembly, in the open air, a horseman of magnificent proportions; and, just at the moment of hushed attention, when the voice of Prentiss had ceased, and the applause was about to break forth, the horseman exclaimed, "D——n the North!"—The curse was so much in unison with the habitual feeling of a Mississippi audience, that it quenched their enthusiasm, and nothing but respect for the speaker kept the crowd from applauding the horseman. Prentiss turned his lame foot around and said, "Major Moody, will you rein in that steed a moment?" He assented. Prentiss then said, "Major, the horse on which you sit came from Upper Missouri; the saddle that surmounts him came from Trenton, N. J.; the hat on your head came from Danbury, Conn., the boots that you wear came from Lynn, Mass.; the linen of your shirt is Irish, and Boston made it up; your broadcloth coat is of Lowell manufacture, and was cut in New York; and if to-day you surrender what you owe the 'd—d North,' you would sit stark naked." (Laughter and loud applause.)—Speech of Wendell Phillips.

Gen. Walker at Washington.—It is announced that General Walker, of Nicaragua, is about to proceed to Washington. With what object we are at a loss to understand. His position before the country at the present time, is by no means enviable. He does not appear as a conqueror, but as a defeated fillibuster, who has been the means, directly or indirectly, of involving a fearful loss of human life. A table before us gives the following results:

Americans killed and wounded during the first campaign, 206.
Central Americans, 1060.
Americans killed during the second campaign, 311.
Central Americans, 2,700.
Americans killed during the third period, 229.
Central Americans, 2010.

These figures tell a fearful story indeed. In what manner General Walker will be received at Washington, under such circumstances, we are at a loss to comprehend. Surely, the National Authorities, will in some significant manner, mark their disapprobation of his career. To take him by the hand, endorse and sustain him, would be an outrage, and elicit a burst of indignation from every section of the Union.—*Philadelphia Enquirer.*

Racine College.—We are happy to learn that the ceremony of laying the Corner stone of the new building for Racine College, is appointed to to take place on the morning of the 4th of July ensuing. This will be a celebration of the day in which we trust that our fellow citizens of all classes may unite without distinction of sect or party, auspicious as it will be for the best interests of our city for ages to come. It is hoped that the military, the fire companies, and the Racine band of music will all honor the occasion with their presence; and it is expected that addresses will be delivered by the Hon. J. R. Doolittle, U. S. Senator, and Mayor Cary, in connection with the laying of the corner stone, and prayer by the Rt. Rev. Bishop Kemper.—*Racine Advocate.*

☞ Mild Thunder Storms followed by warm bright, sun-shiny days, have worked miracles in the forests and the fields. There is magnificence in the profusion of the foliage, and there is a beauty in the abundance of green, waving verdure. Everything that has the least element of vegetable vitality is growing. In fact the last few days has woven around us a new world of scenery and life. All nature seems to be rejoicing in the consciousness of renewed animation.—*Watertown Democrat.*

Direct Trade Between Cleveland and Europe.—We understand that the vessel now being built at this place to take a cargo direct from Chicago to Liverpool, has already a back freight of merchandise engaged for this port. If this experiment succeeds, and we do not see why it should not, we shall be able to import European goods for ourselves, Cincinnati and other points south of us without the delays and expenses of transhipment at New York and Buffalo, and without fretting ourselves at the breaks in the Erie ditch.—*Cleveland Herald.*

Wheat in Walworth Co.—The following is an extract from a letter received by a gentleman in this city yesterday morning, from Darien, Walworth Co.:

> "It is feared that the chintz bug is going to destroy a great portion of the wheat crop in this vicinity this season. The ground is covered with them about here."—*Racine Journal, of Yesterday.*

Mineral Point Railroad.—The track layers are again busily at work laying down the iron, and unless "something breaks," the cars will be able to unload freight at the M. P. Depot before the close of the present week.—*Tribune.*

An English Opinion of the U. S. Steam Frigate Niagara.

[From the London Times, May 22d.]

Half a mile or so below Gravesend, just about where the river tourist might expect to recover from having seen the Great Eastern at Millwall, another monster of the deep stands full in view. She is vast as an ark, with a peculiar defiant air, and an expression which tells you at once that she was made for other than the peaceful purposes of commerce, though nothing in the way of armament, or even in the trim of yards, denotes the man-of-war. This ship, along whose decks a crowd of fashionable visitors daily and hourly stream, and all round which lay a fleet of shore boats "masters of the situation," making as much of it as if the President himself was on view, is the far-famed frigate Niagara. The is, we believe, the first States' frigate that has ever anchored off Gravesend. Let our readers, therefore, or at least such of them as love to gaze upon noble specimens of naval architecture, avail themselves of the unusual opportunity. Such an one will not soon again present itself, for in size form, speed, and intended weight of armament, the Niagara is beyond a doubt the first man-of-war of her class in the whole world. As the visitor approaches her lofty sides, he is struck with the easy, graceful manner in which she "sits" the water, with her bows well up, slowly rising, and showing off her beautiful lines and clear run to fine advantage. But beyond this feature the general effect of her exterior is not very pleasing. The dark black hull, unrelieved by a single streak of white, gives a heavy appearance quite foreign to her shape. She is also very hollow in the waist, which imparts that wall-sided aspect so characteristic of the American liners, which their fine frigates, except in this instance, have managed to avoid, or at least to mitigate.

She is ship-rigged, with tall and somewhat heavy spars—a novel feature in an American screw, as their builders have justly prided themselves on avoiding our practice of overmasting our steamers. But, heavy as the Niagara seems aloft, she has not a rope or spar too much. On the contrary, the marvel is that they can do the work ascribed to them, for, under sail alone, she can run, it is said, from 16 to 17 knots an hour! This is speed which even our river steamboats would count as excellent. From the spar deck the Niagara looks by no means imposing. The bulwarks are of such unusual loftiness, and so curved in, as apparently to diminish her real size. In fact, many of our frigates, less than half her size, and not to be compared to her in any warlike or sea-going quality, seem larger on the deck. Not till the visitor has walked forward and perched himself somewhere near the bowsprit, can he fully appreciate her immense size and beautiful form, and feel that he is looking down on such a war-steamer as the world has not yet seen the equal of, and by the side of which the English navy can show nothing to compete.

The Niagara is one of twelve steam frigates which, a short time since, Congress ordered to be built, by way of a counterbalance to the enormous increase of the English and French marine. The construction of the Niagara was intrusted by acclamation to Mr. Steers, the builder of the celebrated clipper yacht America. In building her he had four conflicting purposes to reconcile—to make her a good gun boat, good sea boat, good sailor and good steamer. The result is the Niagara—in design a kind of compromise, and which leaves her the fastest sailor in the world, one of the fastest steamers, a fine sea boat, and a very good man-of-war.

The Iron Mines.

During the past week we took occasion to visit the iron mines of the Cleveland and Sharon companies, and, in accordance with our expectation, found them in capital working order. The new opening at the mountain of the Cleveland Iron Mining Company, of which we have heretofore spoken, is in many respects far superior to the old one, the ore being less intermixed with foreign substance. It now presents a perpendicular wall varying from 40 to 60 feet in height and 200 feet long, leaving a large portion of the hill yet uncovered. On the face of this wall only one small vein of any impure or rocky ore is to be seen, and this has diminished materially as the excavation has been continued, so that it is quite probable on further working it will disappear altogether. The ore is remarkably rich, and what is not a little singular, is very brittle, breaking up as easily as common ore that has been roasted; about half of the present opening appears to be full of fine cracks and seams and the ore is easily displaced with a pick or bar, other portions being as solid to all appearance as the old opening.

So far no signs of jasper have been discovered, the ore being clear and pure, with the exception of the distinct vein of rock which we before mentioned, and this being small will offer but a slight impediment to the general working. The amount of ore taken out at this point up to the present time is not less than 3000 tons, and the mine is in such shape that, with a large force, nearly this amount could be taken out weekly. At the old opening there is about 2000 tons ready for removal, which, with the amount given above and what is already on the dock gives the company a stock of 8000 tons to commence the season with. The plan of operation in the mine is excellent and economical—the ore being taken off down to a level with the hill, a railway is laid alongside and as the mine is worked in, the track is easily moved towards it, rendering the labor of loading the cars comparatively short and easy.

The grading for the branch track to this mine is nearly completed, and being only about a quarter of a mile from the main track will probably be laid down in a few days. It is but a simple act of justice to the management of this mine to note the amount of labor performed since the 1st of December last. In addition to the ore mentioned as being taken out of the new opening, an equally large amount of rubbish was removed from the surface, and the whole ground in and about the mine fully prepared for the summer's operation with a force of only six or eight men, and this too in the dead of winter.

As our time was somewhat limited we did not stop long at the Jackson mine, but a casual glance revealed some improvements of importance. Preparations are being made to lay a new track directly into the mine, somewhat similar to the one at the Cleveland mountain, which, with a new blacksmith shop and dwelling house, were all the changes we noticed since our last visit. The situation of the mine is not materially changed from our remarks of three weeks since, it still presenting a broad solid face of pure ore. On Wednesday the railway was so far clear of snow that some three or four teams, belonging to both companies, came through with a load of ore, and they are now making their regular trips the same as last season. The railway does not seem to have been injured but a very little by the winter storms, there being no place, we believe, where it is impassable, and it will probably remain good until the locomotive road is ready.—*Lake Superior Journal, 23d ult.*

From Kansas—Free State Men will not Vote at the Coming Election.

Quindaro, June 3.

Because of a stray copy of Gov. Walker's Inaugural having reached here yesterday, the citizens thought proper to call a meeting, to take some action relative to it. Capt. Otis Webb was made Chairman, and Samuel F. Tappan, Jr., Secretary.

The following persons addressed the meeting: Samuel C. Smith, of Quindaro, C. H. Branscom, of Lawrence, J. W. Morris, of Leavenworth, Alf. Gray, and J. M. Walden, of Quindaro, each of whom took the ground, that, at present, the proper policy of the Free State men seemed to be to stay away from the polls, as it was apparent that, without a new registration there, could not be a fair and full expression of the voice of the people of Kansas; and, moreover, that they could not, in justice to themselves, go to the polls where their voting would be construed into an acknowledgment of the bogus legislature.

At the conclusion of the meeting, through a Committee chosen for the purpose, a delegation of thirteen citizens was chosen to go to the Free State Convention, to meet at Topeka, on June 9th.—*Cincinnati Gazette.*

☞ A voice in a crowd at the door of the Mozart Hall, in Louisville, the other night, was heard to say, "look out for your pocket books." A gent who was going up the steps at the time, instinctively clapped his hand on the breast of his coat, where he had his pocket book, with some $70 enclosed, and feeling safe, thought no more of the warning. After leaving the Hall, at the close of the lecture he had attended, he discovered that his pocket had been cut, and his money stolen. That warning cry had been the ruse of the theif to ascertain who had a pocket book, and where it was carried.

☞ There is no remedy creating such a stir among invalids as Dr. Sanford's Invigorator or Liver Remedy. It gives such a quick relief as to convince the patient of receiving benefit almost as soon as the medicine is taken. We do not know of a single instance where it has been taken, without benefit, and in nearly all cases a complete cure is effected by its use. It has acquired its wide popularity simply because it does what it is recommended to do. It is constantly enlarging its circle of friends, carrying healing on its wings, and joy to the hearts of those suffering from Liver Complaint, Jaundice, Dyspepsia, or general debility. (See Advertisement.)

Activity in Business.—We learn that over $16,000 was paid out in this city yesterday for the one article of wheat alone. A pretty fair lining for the pockets of our Rock county farmers.—*Janesville Standard*, June 10.

THE NEW CITY DIRECTORY.

OWING to the large increase of names for the new Directory over any previous year, and the extreme tardiness with which *removals* and *changes* have been handed in since our Canvassers completed their task; together with the great *rush* of other work in the office of the *Sentinel*, where the Directory is being printed, and an earnest desire on the part of the publishers to send forth a work which will alike be creditable to themselves and the City, they have deemed it advisable to notify their friends that it will be impossible to issue the Directory before the *first day of July*, at which time the books will be ready for delivery. Meantime, they trust that every person who has been overlooked by our Canvassers, or has changed his residence, place of business or occupation, will hand in such change to the *Sentinel* office immediately.

☞ Advertisers who have engaged space in the pages of the Directory, will please hand in their favors at once, as that portion of the work is already far advanced.

POLICE COURT, JUNE 11.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Wm. Hayden and Henry Reimer, for committing nuisance, fined $2 each.

Emma Fisher, disorderly, found not guilty and discharged.

Joseph Wisher and John Hewernig, do.

Catherine Mortley, charged with assault and battery upon Mrs. Cunningham, found not guilty by a jury, and discharged.

Thomas Ryan and John Dee, alias, charged with arson —case continued to June 13th, at 10 A. M., and defendants committed in default of $2,000 bail each for examination.

Joseph Sheffer, charged with assault and battery, case dismissed on payment of costs.

John Steerk, intoxicated, fined $1.

Thomas Francis Meagher.

Mr. MEAGHER lectures at the Hall, in "the Albany" *this*, **Friday**, evening; his theme being St. Patrick's Day and the other Irish Anniversaries, and their relations to our Republican form of government. We hope that not Irishmen only, but our citizens generally, will throng the Hall to-night to welcome and listen to this eloquent and gifted son of Erin.

DROWNED.—The body of a young woman was found in the river, north of Oneida Street bridge, yesterday morning, which proved to be that of Martha Holle, who was missed the night previous. The circumstances as near as we can find out are as follows:—The young woman was living with her brother (E. O. Holle,) who keeps a hat and cap store on West Water Street. She was in the habit of going out to the river every evening and bathing her head, and is supposed to have fallen in on Wednesday night, while thus engaged. She was a member of the Lutheran Church, and when her relatives missed her, they supposed she had gone to meeting, as was her custom on Wednesday evenings, but as she had not returned at 10 o'clock, her brother went in search of her, and discovered that she had not been to church nor at any of her acquaintances. This lead him to suppose that she must have fallen into the river, and search being made yesterday morning, the body was found in the river in the rear of his store. She was twenty-two years of age, and in very good health, and much respected by her friends for her piety. Dr. Nauman examined the body, and it was considered unnecessary to hold an inquest upon it.

PLEADING HER OWN CASE.—The case of Mrs. Cunningham vs. Mrs. Mortley, who, it will be remembered, nearly demolished 2 policemen a short time since, was tried in the Police Court yesterday. The defendant employed J. L. Doran, Esq., to conduct her case, and Mrs. Cunningham, not being able to procure the services of a legal gentleman, undertook to plead her own case, and that in a manner hugely interesting to all present. Her arguments were pointed, and the style of language which she made use of was by no means in conformity with parliamentary rules. She disregarded all rules of propriety, and "threw etiquette to the dogs," refuting the arguments of the Counsel for the defendant, and contradicting his words before they were well out of his mouth—and when his arguments became too strong for her reasoning faculties, she resorted to physical force, making a fall charge at the Counsel, and had it not been for the prompt interposition of two policemen, she would have been into that gentleman's "wool" with a vengeance. As it was, she half choked Policeman Finnegan, and knocked another down! With the assistance of several others, she was conducted to the Jury Room, and there left to finish her argument, while Mr. Doran plead the case of his client; and the jury found her not guilty, notwithstanding the ardent protestations of Mrs. Cunningham that the other had "kilt her as dead as the divil!"

SPECIAL ELECTION IN THE FIFTH WARD.—At a special election, held in the Fifth Ward yesterday, for an Alderman to fill the vacancy caused by Alderman Humphry's resignation, Duncan C. Reed was elected by 80 majority over J. G. Muschweiler.

The vote cast was as follows:

D. C. Reed	195
J. G. Muschweiler	115
Reed's majority	80

ACCIDENT—NARROW ESCAPE.—Yesterday, in the forenoon, a German named John Greve was severely though not fatally injured on Oneida Street bridge. He was working on the new bridge at the time, and was on the top of a derrick which had just been put up, but was not yet permanently steadied. While on the top the derrick gave way, and both came down together on a scow in the river! In falling Greve luckily extricated himself from the derrick, and sprang a little to one side, which saved him from coming under it. He was considerably jarred by the fall, though he is not seriously hurt.

THE TELEGRAPH WIRE ALL RIGHT.—Yesterday morning a submarine diver, encased in the patent 'armor,' descended into the river at Spring Street bridge, where the wires of the Wisconsin State Telegraph Co. had been broken by the schooner *C. C. Trowbridge*, and soon succeeded in fishing up the end of the cable.—The wires were broken off above the surface of the water, so that the damage was speedily repaired. While the man was going down, the sides of the river and the bridge were quite crowded with spectators, such a scene being rather a novelty in our city.

GAS FOR THE WEST SIDE.—The breaking of the gas pipe which conveys the gas across the river below Spring St. bridge, was a peculiarly outrageous affair. The schooner, for some reason, dropped her anchor near the pipe, directly at the draw, and being kept under motion by the tug, drew the pipes apart. The Gas Company is doing all in its power to hasten the repairs so as to furnish the supply of gas to the west side. A pipe was yesterday being laid across the bridge, and the bridge tender instructed not to open the draw after 7 P. M., for a few days, until the repairs of the main tube are completed.

HURON STREET BRIDGE.—This bridge which ought to have been finished two months ago, was entirely completed yesterday ready for travel. It is a magnificent piece of workmanship in every way, and just the thing that was needed. For architectural beauty, stability and convenience, it is by far superior to any other bridge in the city, and speaks volumes in praise of the skill and ability of the contractors, Messrs. Schulle & Co., who are also constructing the Oneida Street Bridge, which will be of the same model.

NEW FIRM.—We invite attention to the Advertisement of the new firm of CRAMER & BECKER, importers and wholesale dealers in Crockery, Glass and China Wares. Messrs. C. and B. have refitted the store formerly occupied by Geo. Dyer at 211 East Water Street in the best style, and have stocked it with an extensive and well selected assortment of all kinds of goods pertaining to this business. They extend a cordial invitation to the public to call and examine their goods, assuring them that they will sell both at wholesale and retail, on terms that will make it an object to trade with them. See their advertisement.

WITHOUT A MOULD.—How Prof. Greiner can blow those beautiful glass images, without a mould or pattern, is truly astonishing. Most people are not aware of the many changes glass assumes in the hands of a skilful artist. The spinning of thread, which rivals the most beautiful curls of a ladies hair, is also shown, and a specimen given to each person. On account of the great number of visitors, no children will be admitted unless attended by their parents or guardians. Everything will be conducted as a first class exhibition, so that ladies can call, unattended by gentlemen if they choose. For particulars see small bills.

FOR BUFFALO.—The propeller *Alleghany* having been thoroughly repaired, and newly painted, and looking as good as new, is now loading for Buffalo. She leaves for that port, on Saturday evening at 6 o'clock, under the command of Captain CURTIS, an old favorite on the Lakes.

GRIFFIN & BURNS are the passenger agents. They are doing a handsome business in their way. The propeller *Edith* took, two or three days since, 61 passengers for Buffalo, ticketed by them.

☞ A CARD.—At a meeting of the officers of the several Fire Companies, held at the house of No. 2, on the evening of the 10th inst., it was

Resolved, That the thanks of this meeting be tendered to IRA B. GOODALL, for his liberality in presenting the Department with the present of one hundred dollars.

Fourth of July Meeting.

An adjourned meeting, for the purpose of perfecting the arrangements for the celebration of the coming anniversary, was held at the Court House last evening. In the absence of the last president, COL. JOHN WHITE was called to the chair. Mr. NAZRO, of the committee on finance, reported subscriptions to the amount of $500 thus far, and asked further time to report. The committee were instructed to make further report at next meeting.

The committee on Orators and Readers reported the following:

English Orator—EDGAR W. DENNIS, Esq.
English Reader—HON. BYRON PAINE.
German Orator—GUSTAVUS GAKENFELD, Esq.
German Reader—EDWARD SALOMON, Esq.

Report adopted.

The same committee, having recommended Gen S. B. GRANT, as Marshal of the Day, the meeting approved the same.

Capt. Liebbaber for the Committee on fire works asked for further time to report, which was granted.

A. Bade of the Committee on powder and music reported that the sum of $250 was necessary for the employment of musicians and purchase of powder.

Meeting then Adjourned.

MILWAUKEE AUTHORS.—We call ourselves a "fast people," but in book-making we are even behind many a New England village. Whether or not we are to take off the reproach, remains yet to be seen, but Milwaukee is really destined to give birth to a book. A Milwaukeean is now in New York superintending the publication of some of the stirring incidents of the American Campaign in Mexico. The book has been subjected to the severe criticism of a New York author, who gives it the most unqualified endorsement.

It is to appear early in July, with a large subscription at home and abroad, and in advance we bespeak for it a favorable reception.

☞ Among our advertisements of to-day may be found one from R. L. & D. W. Clark, Chicago. In this age of adulterated spirits, how desirable it is to have an establishment near us which can be depended upon to furnish a pure article of liquor. Such an establishment we are assured is that of Messrs. Clark, and we would cordially commend them to the attention of all dealers.—Mr. John R. Guysie, the inventor of Guysie's celebrated Ginger Wine, is connected with the establishment.

CONCERT TO-NIGHT.—The Concert Society, new candidates for the public favor, advertise their first Concert at Young's Hall *this* evening. It will be under the direction of Messrs. BINDERMAN & HOLZHUBER, both accomplished musicians. The programme is varied and attractive; and the Concert can hardly fail to prove a success. See advertisement.

THE ARSON CASE.—The examination of Ryan and the other man arrested with him on Tuesday night, for arson, has been postponed until to-morrow morning at 10 o'clock. They were committed in default of $2,000 bail each.

FOUND.—A little carpet bag was handed into our office last evening, which was found on the Watertown plank road, opposite A. Finche's late residence. The owner can have it by calling here.

NEW ADVERTISEMENTS.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD.
IS A GREAT SCIENTIFIC Medical discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a diseased Liver.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A compound has been formed by dissolving gums and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the causes of the disease, and effecting a radical cure without any of the disagreeable after effects, felt by using CALOMEL or MINERAL Poison that is usually resorted to.

One dose after eating is sufficient to relieve the stomach, and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

☞ One dose of 2 teaspoonfuls will always relieve Sick Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while

One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

One dose taken often will prevent the recurrence of BILLIOUS ATTACKS, while it relieves all painful feelings.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all yellowness, or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer, or speedier remedy in the world, as it never fails.

There is no exaggeration in these statements; they are plain sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We take infinite pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of a Billious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Among the hundreds of Liver Remedies now offered to the public, there are none we can so fully recommend as Dr. Sanford's Invigorator, so generally known now throughout the Union. This preparation is truly a Liver Invigorator, producing the most happy results on all who use it. Almost innumerable certificates have been given of the great virtue of this medicine, by those of the highest standing in society, and we know it to be the best preparation before the public.—*Hudson County Democrat*

OGDEN & WALL,
CITY LAND OFFICE.

SALE AT PORTAGE CITY.
AGAIN and for the last time we invite public attention to the sale of lots in Portage City, which is to commence on Friday of this week, at Mann & Williams Land Office, in that place.
There will never again occur a season so favorable for making investments in property of this kind as the one on which we are now entering. The future of almost every town in our State can now be predicted with much certainty, as the different elements on which they severally depend for their growth have become more clearly developed. To those who already appreciate the immense advantages of Portage City, and who see in her lines of roads and in her fine navigable river a sure promise of future greatness, we have nothing to say, their own sagacity will teach them to "pitch in and win." To strangers, however, and to those who are seeking new homes and new fields for their enterprise and industry, we say look well at this spot before going further—study carefully the promises which it holds out, and if you think well of it, seize the opportunity now offered of procuring some choice lots in one of the most flourishing cities of our State, where property is rising rapidly in value in order to meet the wants of its growing population. je9 OGDEN & WALL.

C. H. LARKINS ADDITION,
FIRST WARD.
HOUSES FOR THE PEOPLE
THE spirit of speculation which in other parts of the city is raising the price of property so high that no man of moderate means can afford to purchase a lot, has as yet had but little influence on this part of the 1st ward, where this beautiful Addition is located. On this account alone it should recommend itself to the attention of those who desire to secure a family homestead. This, however is but one of its recommendations, for its high and commanding situation on the river bank, the beautiful lay of the land, the improving neighborhood, and its proximity to the business part of the city, all unite to point it out as the spot above all would like to purchase and build.—Maps can be had at our office.
A public sale of the lots will be held at the City Auction Room on the 24th.

Cincinnati, June 11.

A number of despatches were received this morning of a rebutting character, mainly substantiating the testimony of Elliott, previously given to the effect that no excess was committed by the Marshal's posse. There were some affidavits stating their impression was that the first attempt at firing came from the Sheriff's party.

Attorney General Walcott in behalf of the State and the Sheriff of Clark County, asked for an adjournment, to take rebutting depositions.—This was objected to.

A compromise was then agreed to the effect that on a future day such testimony may be introduced.

Senator Pugh then commenced argument in behalf of the Marshal and others.

Pugh concluded his argument this P. M. and was followed by Mason for the defence. The case will probably again be adjourned over in a day or two and no decision will be had for some time.

In Parliament the annuity of 8000 pounds per year passed with division, Mr. Roebuck making feeble remonstrance.

"The Dowry of 40,000 pounds was brought before the Commissioner of Supply, when Mr. Coningham moved that the pension be reduced to 6,000, and that the Dowry be omitted. Four members voted with him on the first motion, and 16 on the second.

Washington, June 8.

The Secretary of the Treasury is of opinion that the close of the present fiscal year, will find a surplus of twenty-two millions of dollars in the Treasury. The late reduction of the tariff, he thinks, will result in an increase of revenue from increased importations; and he has already determined to recommend another large extension of the free list.

Washington, June 10.

There are eight or ten applications for Utah Judgeship.

The affairs of Utah occupy the attention of the Cabinet to-day. The appointments to the offices there were not completed. Several gentlemen to whom they have been sent are to be heard from. The probability is that the appointments will be announced in the course of the week, and the arrangements perfected. The Administration, though anxious for speedy action, have been restrained by circumstances beyond its control.

Washington, Monday, June 8.

The pressure for the Consulship to London is so severe, that the President has concluded to supercede Gen. Campbell, though personally attached to that gentleman.

Appearances indicate, that Gov. Walker will soon be recalled from Kansas to take charge of the State Department at Washington, as Gen. Cass's health is rapidly failing under the pressure of his official labors.

The story of the intended visit of General fillibuster Walker to this city is not credited here, as a writ awaits him from the United States Circuit Court of New York, at the suit of Commodore Vanderbilt, for plundering the Transit Company.

Movements of Gen. Walker.

Louisville, Monday, June 8.

The steamer Woodward, with Gen. Walker and suite on board, arrived here at 3 o'clock this morning. There was no public demonstration, and there is apparently none in perspective. They leave for Cincinnati to-morrow at noon, by the mail boat.

ARCHITECTS AND BUILDERS
ATTENTION!
W. E. CHILDS & CO.,
New Roofing Material!
PATENT FIRE AND WATER PROOF
ELASTIC CEMENT ROOFING!

THE UNDERSIGNED are prepared to contract and put on in this city and throughout the State of Wisconsin, W. E. Childs & Co.'s Elastic Fire and Water Proof Cement Roofing, it being the only article yet invented that will successfully resist the action of the atmosphere in every climate. It is perfectly *Fire and Water Proof*—is a non-conductor of electricity, and in point of durability it is equal, if not superior to any Metallic Roofing. It is perfectly *elastic and flexible*. It contracts and expands with the change of the atmosphere, and will neither evaporate, crack, melt or rot; and there can be no question of its *durability*.

This Roofing is Practically Imperishable.

It will perfectly resist any ordinary, external exposure to fire, as is abundantly testified, and we will warrant it water proof.

We will engage to put it on over ordinary good sheathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for six dollars per one hundred square feet. It will also be found to be the best thing ever invented to cover the decks of vessels, Rail Road cars, depots and bridges, and to cover or mend old leaky tin, tar and gravel roofs, or to use around chimneys, scuttles, dormer windows and gutters, where the tin or other metals are rusted through.

This cement can be put on to last as long as stone, and will form a perfect adhesion to the object to which it is applied, such as wood, metal, brick or stone. Tin and other metal roofs can be painted over—warranted not to leak—at three dollars per ten feet square, which is cheaper and far more durable than paint. As this roof is perfect (without a joint in it) it presents no chance for fire to communicate, and any light substance will burn out without igniting. It is now being generally introduced in New York, Boston, Philadelphia and other large Eastern and Southern cities, and has met with general adoption throughout the Western cities, and having superceded all others at Cincinnati, where it was first used, and where there are many roofs that were put on three years ago, all of which are now perfect.

We invite all who are building, and also those who wish their roofs repaired, to call at our office, No. 240 Main Street, 1st door North of Wisconsin, and to examine samples. We refer to the following gentlemen:

CINCINNATI, May 2, 1857.

MESSRS. J. CARLISLE & Co., Milwaukee, Wis.—
In justice to yourselves and the merits of your "W. E. Childs & Co's Patent Elastic Fire and Water Proof Cement Roof," we take great pleasure in making the following statement:—We have been engaged practically, all our lives in building, and are well acquainted with all the Patent Roofs generally, and erroneously classed yours with the current humbugs of the day. We are now satisfied, from a scrutinizing investigation, that your roof is the very best of which we have any knowledge, (not excepting metal roofs of any kind,) because of its extreme lightness in weight and elasticity of texture. We are recommending it to all for whom we build. From a specimen of two years standing which we have seen, we are satisfied that it is practically imperishable, and as far as weather influences are concerned, will out-last the most substantial building. Its fire and water proof qualities are unquestionable. Yours Respectfully,
J. & D. DECAMP, Builders.

CINCINNATI, 5th Month, 5th Day, 1857.
MESSRS. CARLISLE & Co.,
You having requested my opinion about W. E. Childs & Co's Patent Elastic Cement Roofing. In answer to your request, I can state I have used the Cement in several buildings of my own; which have stood the test of the hottest and most intense cold weather of last year, without being effected, I give it as my decided opinion, that it is the best and most perfect roof now in use. Among its desirable qualities is that of being so completely water-tight around the fire-wall, hatches, chimneys, &c., and clear from danger of fire by sparks or outer-flames.
EZRA BAILY.

OFFICE OF THE CIN. HAMILTON & DAYTON R. R. Co.,
Cincinnati, May 1st, 1857.
MESSRS. J. CARLISLE & Co.—
Dear Sirs—My opinion has frequently been asked of W. E. Childs & Co's Patent Cement Roofing. I have no interest in the article, directly or indirectly, but feel a desire to see a good thing generally introduced.
During the past year I have used it on my Main street building, and find it a very great improvement on all cements heretofore in use in our city. Many of our first class buildings have recently been covered with it, and I have heard many of the owners speak in high praise of the article. We are at this time covering some of our cars with this cement.
Yours truly,
S. S. L'HOMMEDIEU,
President of Cin. & Ham. Dayton R. R. Co.

CINCINNATI, May 4th, 1857.
This is to certify that we have used W. E. Childs & Co's Patent and Fire Proof Cement, on the Passenger and Freight Cars of the Cin. Hamilton & Dayton R. R., and find it to answer the purpose better than any kind of roofing we have ever tried. I would recommend it to all Railroad companies as the most desirable and safe roofing that can be applied to the roofs of Passenger or Freight cars.
DANIEL McLAREN,
Sup't, of Motive Power Cin. Ham. & Dayton R. R. Co.

CINCINNATI, May 1st, 1857.
Having examined the Cement Roofing patented by W. E. Childs & Co., and now being put on by them, I feel confident in stating that it is superior to any roof ever before tried in this city. It presents a neat clean surface, is very elastic, and seems to have all the qualities the inventor claims for it.
JAMES W. McLAUGHLIN, Architect.

OFFICE OF BUCKEYE STATE IN. CO.,
Cincinnati, Dec. 16, '56.
To all whom it may concern:
This is to certify that I have examined specimens and roofs of W. E. Childs & Co's "Elastic Fire and Water Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing in use. I was an eye-witness of a severe trial of one of these roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice for nearly half an hour. It stood the trial beyond all expectation and saved the building. Yours,
T. M. HASKELL,
President Buckeye State Insurance Co.

CINCINNATI AGENCY, ROYAL IN. CO.,
February 6, 1857.
I have examined W. E. Childs & Co's Elastic Fire and Water Proof Cement Roofing, and as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal.
JOHN S. LAW,
Agent Royal Ins. Co., London and Liverpool.
And many other testimonials that can be seen by calling on us.

The Cement will be furnished in large or small quantities to those wishing it, residing out of the city, with printed directions for applying it.
Orders sent to us through the Post Office will be promptly attended to. Application may be made to us for the purchase of rights in Counties or towns throughout this State, in which to use the above roofing

INSTRUCTION.

SALOM'S
MERCANTILE COLLEGE!
A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

RUSSELL'S PATENT MASTIC
ROOFING.
Patented February 12th, 1856.

THE Mastic Roofing has been thoroughly tested for the last four years, and found in every respect to be all and even more than was represented, excelling by far all others now in use, Tin and Slate not excepted, in its adaptation to steep and flat Roofs, Rail Road Cars, Founries, &c.

We are well aware, that in offering a new Invention to the public it must meet with some opposition but it should stand or fall upon its own merits. Our preparation is entirely different from any before known. We use a heavy Canvas, and saturate it with a water-proof compound before laying on the roof. On this we put a heavy cement which also renders it

FIRE-PROOF.

By this preparation it makes a much heavier and more desirable Roof than any other Cement Roofing now known.

For References see Circulars; and the Roofing can be seen on Alderman Plankington's Candle Factory, and on the Phoenix Building.

The above Invention was made by O. C. Hoff, of Albany N. Y. The Right and Interest to said Invention was purchased by E. P. Russell of Manlius, N. Y. and Letters Patent were obtained by him February 12th, 1856, and was awarded the first Premium and Diploma at the Albany Co. Fair in the Fall of '56. We are authorized Agents for the sale of Town and County Rights in the West.—Those who may wish to engage in a highly profitable business with a small capital are earnestly desired to call. As no odor proceeds from the preparation, the glove can be worn *immediately* after it is cleaned. With a piece of flannel, apply a small portion of the preparation very lightly, and the dirt will immediately disappear. It is the article used by the Kid Glove Manufacturers of France to impart that purity of finish and softness for which their gloves are so justly celebrated. It cleans kid slippers and white and colored kid gloves elegantly. It is also an excellent article for the toilet, and for beautifying the complexion, removing tan, pimples, &c., far exceeds in excellence any of the thousand and one preparations usually sold for that purpose. One trial, at the trifling expense of 25 cents, will convince any one that the article is all that it is claimed to be. Try a bottle of it for 25 cents, and you will never wish to be without it.—It can be obtained of all Druggists and Dealers in Fancy Goods in Milwaukee, and at wholesale of the sole proprietors CLARK & CO., 375 BROADWAY, NEW YORK. A liberal discount to the trade. As there is an inferior article in the market, buyers will be careful to see that the name of CLARK & Co. is upon each bottle which they purchase.

100 Desirable Dwelling Lots
For Sale.

THE SUBSCRIBER has completed the survey and plat of his subdivision in the Eighth Ward, and now offers them for sale. These lots are within ten minutes walk of the Harbor, the Beloit, Lake Shore and the Milwaukee & Mississippi Depots, about the same distance from Walker's Point bridge as Chestnut and Division streets on the north.

These lots are situated upon a level plateau commanding a beautiful view of the City, Bay and surrounding country. The soil is sand and gravel loam, sufficiently rolling to afford drainage without deep cuttings. The location is every way desirable for pleasant homes. The Ward already numbers some of the best dwellings in the city and for salubrity and beauty of location, ranks second to none in the city.

Great inducements will be offered to parties intending to build the present season, and to all persons wishing to make investments, that are certain to speedily return several hundred per cent profit, an opportunity is now offered.

It is confidently believed that no property has been offered for sale in this city within the last five years promising so certain and large an advance.

The public are invited to examine the property, an agent will be on the ground from 9 to 12 A. M., each day, to give all necessary information.

Jouven's Inodorous Preparation
FOR INSTANTLY
CLEANING KID GLOVES
Of any Color and for
BEAUTIFYING THE COMPLEXION,
PRICE 25 CENTS PER BOTTLE.
One Bottle Cleans Fifty Pair of Gloves!

JOUVEN'S Inodorous Kid Glove Cleaner is the article used by the Kid Glove manufacturers of France to impart that purity and softness to the kid for which their gloves are so justly celebrated. When the glove leaves the hand of the sewer, it is naturally more or less soiled, and this preparation is resorted to, to cleanse and beautify it. To clean Kid Gloves, no matter how much soiled, what color they are, dip a piece of white flannel in the preparation, and with it wipe off the dirt from the glove, and in a moment it is as pure and beautiful as when new; and as not the slightest odor proceeds from it, the glove can be immediately worn. Full directions accompany each bottle.

It is, also, the finest article in the world for cleaning Kid Slippers, &c., and if used for the toilet, will greatly beautify the complexion, remove tan and pimples of all kinds. The Ladies of Louis Napoleon's Court use it, exclusive of any other, for this purpose. Beware of Counterfeits. The well known name of Solomon Content, as manufacturer, is on all the labels of the genuine article, all others are spurious. For sale by all Druggists and Dealers in Perfumery and Fancy Goods, in Milwaukee and throughout the United States and Canadas, and at Wholesale by the Proprietors, CLARK & CO.,

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possess special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventive for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart.* Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from the body, but they control the whole system, and, *force,* each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c., and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

Sarah Hammond, of 106 East Thirty-Second st., had a bad cough for two years, she coughed up some times half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

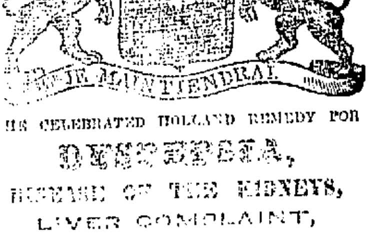
BOERHAVE'S
HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

SUCH as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on these strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
